Celebrating 130 Years*

In 2018 the Silver Hills Historical Society recognized the historical heritage of Crestview in the spring and celebrated the 130<sup>th</sup> anniversary of the Silver Heights Camp in the fall. Both events drew a large attendance. The Silver Heights celebration ended with the unveiling of a historical marker in honor of the camp's commitment to continuing the mission established by the original founders in 1888.

If it were not for the Silver Heights Camp it would have likely been several decades before the beginning of the residential development of Silver Hills. Several thousand people locally attended the first meeting held in 1888. By 1890 worshipers were coming from all over the region to attend the 10-day camp services. This made it financially possible to construct the Highland Railway trolley car line from Spring Street to the campgrounds, beginning

the residential development of Silver Hills in 1891.

Holiness camps came into prominence in 1867 with the founding of the National Camp Meeting Associa-

tion for the Promotion of Holiness. The oldest camp in the country today is Hollow Rock located on 16 acres north of Steubenville, Ohio. It was founded in 1818 by the Methodists and later became an independent Holiness camp. The Silver Heights camp is the second oldest encampment in the U.S., and the longest running camp in the State of Indiana. Preachers and wealthy individuals began to buy land specifically for nondenominational Holiness camps. Names of the camps were derived from their location. The meetings attracted hundreds and thousands of faithful worshipers seeking spiritual enlightenment.

By 1891 the Silver Heights camp was attracting many denominations: Presbyterians, Baptists, Methodists, Episcopalians, and members of the Christian Church. Women dressed in Victorian style white full length dresses with high neck collars and the

men dressed in trousers and waistcoats, with high upstanding collars and neckties. Meetings were set up for people of all ages. On Aug 1, 1888, The New Albany Ledger reported, "A feature of the meetings at the encampment that is very enjoyable is the young peoples' meeting conducted by Rev. W. F. Sheriden of Indianapolis." The camp meetings took on the air of a reunion. For 10 days families and friends came together to spiritually celebrate their love and devotion to Christ and for one another.

As the story goes, James Harvey Conner, a wholesale druggist, born in New Albany, took his wife on a buggy ride up Silver Hills looking for property suitable for the location of an encampment. At the west end of Knob Avenue James found 20 acres of land beautifully situated for the purpose of establishing a Holiness encampment. The Courier-Journal reported in 1889, "The camp ground is beautifully situated on the summit of the Silver Hills. Large forest trees cast an ample shade over the grounds, and the elevation of some two hundred feet above the surrounding country affords a pleasant and invigorating breeze at all times."

On October 30, 1889, Conner, John Severinghaus and Tilgham Willis purchased lots 1, 2, 3 & 4 in P.M. Wilcox's plat. Severinghaus was the pastor of the German Methodist Episcopal Church and Willis was the pastor of Wesley Chapel. The group was granted use of the land for the first two camp meetings.

**The first camp** meeting began Thursday, July 26, 1888 under the auspices of the Interstate Holiness Camp-Meeting Association. The New Albany Ledger reported on July 25<sup>th</sup>, "All the surrounding scenery is picturesque and charming, and all the arrangements for the comfort and convenience of

worshippers and visitors are upon a liberal scale. From the encampment a magnificent view of the cities of the falls is afforded, and a panorama of natural scenery is unfolded that is grand and entrancing. A large Tabernacle tent in which the worship will be held is the central feature of the encampment. It is surrounded by fifty canvas wall tents 12 x 16 feet in size".

Attendance was light the first few days but by Sunday The Courier-Journal reported, "a crowd of three or four thousand people, packed very closely together were in attendance despite sweltering heat, described as "wet-dishrag conditions." The streetcars were literally packed, even the last inch of standing room on the platforms being taken. Many people walked to the grounds rather than enter the overcrowded cars. There was plenty of ice water and ice-cold lemonade, the latter being sold at 5 cents a glass. "Glad Hallelujahs" was the songbook featured for the first meeting. The ministers came from Louisville, New Albany, and Jeffersonville with Rev. W. F. Sheridan of Indianapolis in charge of the young peoples' meeting. The meeting closed August 5, 1888.

**The second meeting** opened Thursday, August 29, 1889. By Sunday, the attendance was estimated to be about 8,000, fully half of whom were from Louisville. The weather didn't always cooperate. Shortly after noon a torrential storm sent worshippers to seek cover, nearly

drowning the occupants. Weather continued to pose a challenge over the years until suitable permanent accommodations were constructed. The Courier-Journal reported, "the majority of the large crowds, which attend on Sunday, are attracted more by the novelty of the affair than from any religious feelings, and there were considerable more sinners than saints among those that toiled up the hill to the village on the top. Yet there never has been a meeting where some good was not done. During the week those attending are not drawn so much by curiosity and love of a frolic, and the meetings are naturally more effective."

On Feb 5, 1890, articles of incorporation were filed changing the name of the organization to the Ohio Falls Holiness Association, the name still associated with the camp today.

**The third meeting** opened on June 26, 1890 and ran for 10 days. It was set in June to avoid the August rains and instead they encountered extremely hot weather sufficient to keep the people away from the meetings. A few days later a delightful breeze replaced the intense heat.

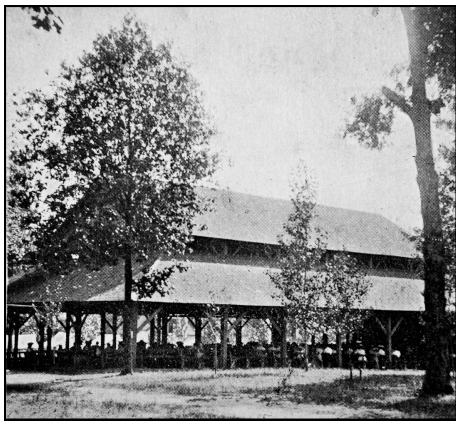

At the close of the 1890 camp meeting thousands of people had ascended the Knob over the past three years. One of New Albany's most influential businessmen, John F. Gebhart proposed constructing an electric trolley car line beginning at West 8<sup>th</sup> and Spring Streets to the camp grounds. The trolley car line not only provided transportation to the camp but it was also part of a grand plan to develop Silver Hills into a popular resort area with a park, hotel and a dance hall. The Highland Electric railroad was completed to the encampment and began service May 17, 1891. It ran regular trains during the meeting,

affording an easy method of reaching the camp. Cost to ride the electric cars was 5 cents.

In 1891 the trolley car line inspired the beginning of the development of Caney Knob. Mr. Greene subdivided his land to the north and the Tuleys subdivided their land to the south and the name Silver Hills was established.

*At the 5<sup>th</sup> camp meeting* in 1892 permanent electric light wires had been installed. Great improvements were implemented before the opening of the camp. These were designed by J. F. Severinghaus. Fine dining and lodging halls were built for those who did not occupy tents. The wood framed tabernacle building, still standing today, was constructed with a straw floor.

The Highland Electric Railway sold 6,133 tickets on Sunday. The songbook used was titled "Songs of Joy and Gladness." By 1895 the Ohio

Falls Holiness Association Silver Heights Encampment had secured a national reputation for being one of the finest camps in the country, which guaranteed its future success. It had already endured uncomfortable weather conditions, the financial panic of 1893, a serious economic depression, and the foreclosure of the Highland Railway, which never saw an interruption of service.

As the years went by, the camp remained a popular gathering spot for families and worshipers. Tents were replaced by permanent dormitories and cabins. A two-story summer hotel with 21 rooms was constructed. Eventually 31 single cabins, a grocery and a dining

hall were added. Later, a five-room army barrack was sent from Camp Taylor, KY. In 1954 a preacher's cabin was completed. In 1961 and 1963 new boys' and girls' dormitories were added. In 2007 the Parnell Center was constructed and new cabins were added to replace the old.

At the close of the Silver Heights historic event, the Silver Hills Historical Society unveiled a historical marker in celebration of the 130<sup>th</sup> anniversary of camp. We also paid tribute to those carrying on the tradition of worship established here on Silver Hills in 1888.

## Tuley Historical Marker

In tribute to the Tuley family historical heritage established on Silver Hills in 1821, the Silver Hills Historical Society installed an historical marker on the Silver Hills Historical Nature Trail and Wildlife Sanctuary. The marker was

sponsored by Linda Tuley Westbrook and her family of Kansas City, MO, in memory of her father, Eugene Tuley (1938 – 2016). The Westbrook family was present for the unveiling ceremony, August 25, 2018.

## *The Home of The Silver Hills Historical Collection*

When the Silver Hills Historical Society was founded in the fall of 2012, the vision of establishing a small museum on Silver Hills was just that, a vision. I am excited to announce the museum is now a reality. The home built in 1959 by Mary Ann and Harry Elsby Carnighan, located at 1505 Adams Street, has been fully renovated, and will become the Home of The Silver Hills Historical Collection. A special exception variance was filed and approved in accordance with the local ordinance allowing for the establishment of a private museum in a residential neighborhood. Administrative expenses to maintain the home will solely be the responsibility of the owner. Society members will be free from any liability. Hours of operation will be established sometime in the fall of 2019. In the meantime if you see a car in the drive and the front door is open, you are welcome to come in.

### *Home of The Silver Hills Historical Collection Open House & Reception*

**June 2019** – The Silver Hills Historical Society has proposed sponsoring a reception at the newly established “Home of the Silver Hills Historical Collection”. A lot of work still has to be done before the official opening, but with any luck we can have a good many displays in place by June. The reception will feature a 100-year old Steinway piano, fully restored, purchased by Britty and Samuel J. Elsby when they moved to Silver Hills in 1918, and has remained in the family ever since. We will also have on display the original ledger book used to record the volume of water distributed throughout New Albany when the New Albany Water Works on Silver Hills began operation in 1875. The book is on loan from the American Water Company. Lastly, we will have on display an original portrait of Floyd Tuley painted by the renowned Indiana pioneer portrait painter of Silver Hills, George W. Morrison in the 1850s. The day and time will be announced at a later date.

### *The Indiana Buffalo Trace By David Ruckman*

**Sunday, October 20, 2019** – David Ruckman has done extensive research on the Buffalo Trace that ran throughout Indiana, specifically through southern Indiana. He has put together an outstanding presentation. The event will be held at the Parnell Center, beginning with a dinner buffet featuring buffalo burgers and all the trimmings. David’s presentation will follow. Details of the event will be announced at a later date.

The two married in 1946. They moved Harry's to hometown, Whitesburg, KY, where the raised three children and where Harry practiced law until 1976. Anne established and taught an Appalachian Studies program at the University of Kentucky and assisted Harry in his law practice. Anne helped Harry to write 10 books. The best known was "Night Comes to the Cumberlands". Anne also helped Harry write hundreds of newspaper and magazine articles. She also was instrumental in establishing the Letcher County Public Library, now the Harry M. Caudill Memorial Library. Anne moved to Crestview on Silver Hills in 1990, where she could be near her daughter, who lived on Silver Hills. She quickly got involved in the Silver Hills the Apha Club , Daughter of The American Revolution, and church work.

**Dorice Conner Roberts**, 100, died on March 17, 2018 on Isslesboro Island, ME. Dorice was born August 26 1917 in Detroit, Michigan. She was the daughter of Jefferson T. Conner and his first wife. Dorice was three when her mother died. She had a sister, Martha. After their mother's death, her father moved the family back to Silver Hills. Jefferson T. Conner was the youngest of six children born to Jefferson Sommerville Conner of Silver Hills. Jefferson S. Conner built a lovely three-story house on Adams Street in 1891. He named the estate, Edgemont. When Jefferson T. Conner moved back to New Albany they first rented Edgemont Cottage adjacent to Edgemont. A few years latter they moved into the Cletis Endris house at the top of Spring Street Hill Road. Dorice and her husband, James R. Roberts, lived in the former William Findt home on Silver Hills Lane, where they raised their son, Jim. Dorice lived out her life on Silver Hills. She taught just about every child on the Hill how to play the piano. Her son moved her to Maine so they could be closer together in her final year. Dorice was a life-long member of the Silver Hills Alpha Club and a member of the Silver Hills Historical Society.

**Alice Jean Snider Caesar**, died on April 26, 2018 at the age of 67. Jean was born to Clara Mae and Glenn Snider September 24, 1950. She was a co-owner of the J.O. Endris Jewelers founded in the 1880s with her Husband, Robert Caesar. Jean was well known in New Albany. She and Robert moved to Silver Hills in 1976, where she lived out her life and raised their son, Scott. Jean was a member of the Silver Hills Alpha Club, and she was instrumental in establishing the Silver Hills Neighborhood Association. She will be missed by all.

**Janet Marie Gohmann** passed away May 14, 2018 at the age of 69. Janet and her husband Duane L. Bigelow had recently moved back to Silver Hills. Janet was born June 1, 1948 to Mark and Mary Gohmann of Silver Hills. Janet's father, Mark Francis Gohmann was the youngest of seven children born in 1918 to Charles and Sarah Gohmann of Silver Hills. Charles was the President of Gohmann Brothers & Kahler Co. of New Albany. The company manufactured stoves. Charles and Sarah moved to Silver Hills in 1913. Janet's fame in life came when she had a small part in the original James Bond movie, *Goldfinger*, in 1964.

**John F. Crone** passed away October 19, 2018. He was 55 years old. John was born in 1963 to Margaret Schlenker Crone Carnes of Silver Hills and the late Herbert Crone. Margaret and Herb moved to Silver Hills in 1970, where they raised five children. The former Crone house was located on the east side of Highland Avenue at the intersection of Dent Avenue. It is a lovely two-story house; with a large front porch built in sometime around 1915. John was a member of the Silver Hills Historical Society.

**John Evan Minton**, 93, passed away on August 7, 2018 in Gaithersburg, MD. John was born November 16, 1925. His parents were the Honorable Sherman A. Minton and Gertrude C. (Gurtz) Minton. John was the youngest of three children: Sherman Jr. and Mary Ann. John's father was the only United States Supreme Court Justice to be appointed from the State of Indiana. He served on the Supreme Court from 1949 to 1956. The Minton family moved from Market Street to Silver Hills in 1928 where they rented a house located at the corner of Dent and Highland Avenue. Sherman Jr. wrote in his autobiography, *Life, Love, and Reptiles*, "Silver Hills was about as close to heaven as I'd gotten to date". They moved back into town in 1931 then returned to the house on Highland Avenue in 1937. In 1941 Sherman and Gertrude bought the Bulliet home at the top of Cherry Street Hill Road, the former John O. Greene house built in the 1860s, where they lived for 27 years. Silver Hills was paradise for the Minton boys. Their mother filled their canteens with lemonade in the summer and hot coco in the winter, packed peanut butter jelly sandwiches, and sent them on their way to hunt reptiles in the woods surrounding Silver Hills. In 2014, John wrote to the Silver Hills Historical Society, "I have great memories of life on Silver Hills – in particular during the 1930s. By the time my family had moved to the Bulliet house I was in high school, and only a couple of years away from service in WW2. Then college – then employment and life out of the area. But I was certainly back for frequent visits up till my mother sold the house and moved to DC". John joined the Society when it was first organized in 2012, and was a member when he passed away. Harry Carnighan was one of John's childhood friends. They remained close throughout their lives, bound by their love for Silver Hills.

## Changing of the Guard

The Silver Hills Historical Society recognizes two key individuals who contributed to the establishment and overall success of the Society. Nancy Everbach was one of the key founders of the SHHS when the Society was organized in October 2012. Nancy served on the board of directors six years until her retirement in August 2018. Her contribution helped drive the success of the Society. Al Knable was on the board of directors for two years. Al was instrumental in seeing that the Society received the Horseshoe grant for the completion of the Silver Hills Historical Nature Trail. He retired from the board to pursue his passion serving the city of New Albany. We thank them both for their commitment and dedication to making the Silver Hills Historical Society an experience for everyone to enjoy.

We welcome two new members of the Board of Directors, Paula Stein and Jimmy Walker. Both are life-long residents of Silver Hills, each with their own stories and memories of the Hill.
